Ref: (a) CG-11 letter 1754 of July 5, 2005

Dear Ms. Gentry:

I am writing in response to your letter of February 6, 2012 to Vice Admiral Currier, in which you request a current letter stating your approval to offer educational programs on personal financial management to Coast Guard personnel when invited by local commanders.

Reference (a) provided our approval for The USAA Educational Foundation to provide Coast Guard commands and staffs with financial educational materials and to make related educational presentations. As noted in that letter, this approval remains in effect indefinitely provided your organization continues to meet the requirements contained in our policy. I have included a copy of the updated version of our policy regarding the use of non-governmental educational material and presenters for your information.

We appreciate your continued support of our members and their families, especially with respect to the education you provide regarding financial literacy. Please feel free to contact me at the number noted above with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "R. L. Skewes".
